Brand: Il Pattino Riccione

Our figure skating tights have been revolutionized by Micro Shine technology, an innovation that allows you to shine on the ice without breaking the rules.

What is Micro Shine?

Micro Shine is a type of embroidery that creates a luminous effect similar to rhinestones, but with an incredibly thin and lightweight material. This means you can have the same sparkle and elegance of rhinestones, but without the risk of violating the new World Skates regulations that prohibit thick or protruding applications.

Exclusive Advantages:

- Sparkling Look: Micro Shine embroidery captures the light and adds a touch of glamour to your performance.
- Regulatory Compliance: Absolutely compliant with World Skates directives, so you can compete with confidence.
- Comfort and Performance: Made with high-quality materials to ensure comfort, fit, and optimal performance.

Choose the tights with Micro Shine technology and light up the ice with style and safety!
